

Astrology in the Middle Ages (Paperback)

Filesize: 5.85 MB

Reviews

The ebook is fantastic and great. I am quite late in start reading this one, but better then never. I am just pleased to inform you that this is the greatest book i have got study inside my personal daily life and could be he best pdf for at any time.

(Miss Shany Tillman)

ASTROLOGY IN THE MIDDLE AGES (PAPERBACK)

[DOWNLOAD PDF](#)

Dover Publications Inc., United States, 2005. Paperback. Condition: New. Language: English . Brand New Book. Astrology occupies a prominent place in the history of philosophy and science. Thirteenth-century scholars even more than the poets and philosophers of ancient Greece and Rome regarded the rule of the stars over human destiny as an indisputable fact, entering into their every conception of the universe. Theologians credited the stars with a power second only to that of God. Astrology offered a reasoned explanation of an infinite diversity of physical phenomena, and included psychology and ethics within its scope. This volume traces the development of medieval conceptions of astrology from the fifth through fifteenth centuries, highlighted by the twelfth century's sudden revival of Aristotelian and Arabic learning, which heralded the scholastic age. It places particular emphasis on the conflict between ecclesiastical doctrine, inherited from the ancient church, and the growing demands of Arabic science. Enlightening interpretations of astrological references from a fascinating variety of literary sources comprise extracts from medieval romances and the works of Chaucer.
