

Being and Relating in Psychotherapy: Ontology and Therapeutic Practice (Paperback)

By Christine Driver, Stephen Crawford

Palgrave MacMillan, United Kingdom, 2013. Paperback. Condition: New. 2013 ed.. Language: English . Brand New Book. Clients who seek therapy often feel they are struggling with their whole being: their emotional, physical, relational and social selves. Understanding this is crucial to developing a successful therapeutic relationship. Using psychodynamic, psychoanalytic and existential ideas, this book explores topics fundamental to human living, such as love, generosity, shame, mortality and spirituality. It considers how these states of being can affect clients lives and the important role they play in the relationship between the therapist and the client. Combining theory with clinical experience and practice, it provides trainee and practising therapists with a thought-provoking perspective that broadens and enriches thinking, reflection and understanding of their work. Drawing on original thought from a range of theorists including Bion, Buber, Freud, Heidegger, Irigaray, Jung, Klein and Winnicott, this book is an important contribution for students and practitioners in the fields of counselling and psychotherapy.

Reviews

Comprehensive guide for ebook lovers. It is written in simple words and phrases and never confusing. You are going to like how the writer create this pdf.
-- **Dr. Cullen Schmitt MD**

Great electronic book and useful one. It can be written in straightforward terms rather than difficult to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.
