In Zoom In, Israeli and Palestinian authors collectively explore the contrasting perspectives on memory and remembrance through an innovative approach. Palestinian and Israeli university students are presented with a catalogue of period photographs from 1948 and then asked to provide their personal impressions. These individual reactions are then analyzed by the scholars, providing a multi-perspective commentary and analysis that underscores the urgent need for building greater understanding for the common history of this region. A particularly insightful case study is presented by Menachem Klein and Mahmoud Yazbak who jointly investigate how the 1948 expulsion and deportation of Palestinian refugees from the villages of Aylut and Malul are remembered today, both at the individual and collective levels, underscoring the enduring dynamics that exist between the past and the present.
