Photocuring in Dentistry

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | In modern dentistry, the worldwide use of resin-based composites continues to increase, and in some countries has entirely replaced mercury amalgams. The use of direct polymer-based restorative materials has changed the way dentistry is performed and perceived. Initially, resin based composites were chemically activated, then, light- activated systems were introduced. The present project is aimed at describing different polymerization lamps and curing modes so that the clinician can efficiently use them for...

**Reviews**

*A whole new e book with an all new point of view. It is one of the most incredible book i actually have go through. I am easily could possibly get a enjoyment of reading through a written book.*

-- **Nathanael Treutel**

*This is actually the best book i actually have go through right up until now. It generally will not price an excessive amount of. I discovered this book from my dad and i suggested this book to understand.*
