### SUSTAINABLE WATER

ICE Publishing. Paperback. Condition: new. BRAND NEW, Sustainable Water, Charles Ainger, Richard A. Fenner, Part of a new series of practical handbooks aimed at providing practising engineers with an understanding of sustainability principles and solutions. To be useful for practitioners, the series sets sustainability concepts within well-known engineering management processes of planning, designing and delivering infrastructure. The first volume sets out a framework of fundamental principles, methodologies and approaches, with numerous practical examples from real civil engineering projects. The subsequent...
