Clink Street Publishing, United Kingdom, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Patrick Phelan is an ageing artist who has never made it big but who somehow manages to live on air in a North London suburb. When not running art classes for amateurs, Patrick wrestles in the shed at the bottom of his garden with his life s work: a series of visionary canvases of The Seven Seals. When his wheeler-dealer son Marty turns up with a commission from a rich client for some copies of paintings by modern masters, Phelan reluctantly agrees; it means money for his ex-wife Moira. However the deal with Marty is, typically, not what it seems. What follows is a complex chain of events involving fakery, fraud, kidnapping, murder, the Russian Mafia and a cast of dubious art world characters. A contemporary spin on Joyce Cary s classic satire The Horse s Mouth, The Horse s Arse by Laura Gascoigne is a crime thriller-cum-comic-fable that poses the serious question: where does art go from here?.
